BOXING.

'Gene Garcia, who is to oppose Oscar Gardner in a twenty-round boxing contest before the Metropolitan club next Thursday evening, arrived in the city Saturday night, accompanied by Mana ger Hart and Trainer Higgins. He has taken up his quarters at the Twenty-third street athletic club, and yesterday recommenced the course training that had been interrupted by his trip from New York to Wheeling.

Garcia is a short, chunky, well-knit fellow, who looks the fighter through and through, and those of the Wheeling sports who have been permitted to see him work left his training board impressed with the idea that Oscar has a tough proposition on his hands. He resembles Johnny Van Heest und Jee Walcott in build, and is said to employ the same hurricane tactics characteristie of those fighters.

Gardner has begun training at his Market street place, and intends to put himself in the pink of condition, as he realizes he is to face no mean opponent Thursday evening. The report that Gardner had bought an east-of-town road house, which was in general circulation last week, is, by the way,

of Belmont County.

Sebastian Wimmer, who returned last week from a visit to his old home in Germany and the Paris exposition, announces his full conversion, to the policies of the republican party and the upholding of President McKinley. Mr. Wimmer has made two or three trips to Germany, but not until this ome, he says, was America looked upon as a leader, if not the leader, in the affairs of the world. "My money." says Mr. Wimmer, "commanded a premium in every part of the old world I visited. Whether I had paper or gold I exchanged it a at premium, and in section, where I am best acquainted and where a few years ago America was regarded as just moving along as the world owers dictated, now they say she stands as one of the directors of the affairs of the world. They fear our manufactured goods will take the place of theirs, because of Yankea progress. Our credit and prestige abroad is greater now than it has ever been, and we have better times here at home than we ever had since I became an American clitzen, and from now on I am a McKinley man. And there will be more of them this year than ever before." of Belmont County.

The New Club.

The New Club.

The promoters of the Republican Club organization met at the city hall Saturday evening and effected an organization, with J. M. Dußois president, Cook Danford secretary, Mack Stewart treasurer and F. A. Jackson chairman of the finance committee. The solicitors reported 122 names enrolled and they confidently expect a marching club of a hundred active members. Another meeting will be held to-morrow evening to select a captain and other officers, and there should be a full attendance, that the marching club may move along with enthusiasm from the start.

Church Anniversary.

The Christian Church yesterday observed the thirtieth aniversary of its dedication. An historical sermon was prenched by Rev. J. A. Hopkins, whose family were among the original members, and as he recounted the enthusiasm of the earlier members as "they sang the songs of Zion" he moved the splendid congregation of yesterday by naming the voices that mingled then but silent now. There were but six present yesterday who were present at the dedication, but more than that are living in this neighborhood. It just happened they were out of the city.

Union Epworth League services were held yesterday evening at the First Presbyterian Church, and Rev. T. V. DeWinkle made a report of the recent state convention. All of the churches suspended service for this meeting.

months. About the middle of last January Miss Ralston, who was one of the efficient teachers in our public schools, was compelled to abandon her school duties on account of ill health. Her lliness at that time, however, was not thought to be of sufficient severity to keep her from school any dength of time, but the temporary aliment with which she was afflitted grew more serious, and finally terminated into a complication of diseases, and the one being the principal cause of death was rheumatic neuralgia. The latter disease, which put in its appearance about two months ago, was located at such a point as to render medical assistance almost useless, and the only benefit derived from it was the temporary soothing of the pain from which the deceased suffered untold agonies, and was only permanently relieved by death. For three weeks past her death has been expected untold agonies, and was only permanently relieved by death. For three weeks past her death has been expected untold agonies, and spells, and from each one it was thought she would never rally. It was fervently expected by all those acquainted with the deceased that she would pass away in great agony in one of these sinking spells, but such was not the case. An easier and more beautiful death than that of Miss Ralston's could not be anticipated or desired by any one. For forty-eight hours she had been endoying the slumbers so much in need of and her last lengthy earthy sleep was never molested until the one from which we know no awakening arrived. Deceased was born in this city June 4, 1800, and was therefore 40 years, 22 months and 1 day of age, and during that time the accomplishment of more good than was done by Miss Ralston was never designated for a single person. She was a shool teacher of extraordinary ability, having commenced her school carrer twenty-two years ago. For two years she taught, and was threshol, and ranked among the lenders in school work in this county. She was affable and courteous in her disposition as one of the tutors in the hi Melly Block.
